

Troy Cassar-Daley, I Wanna Go Back

We had our days in the sunshine
And we had a long spell of rain
I only wish that I'd been stronger
And maybe the sun would shine again

After every teardrop was a promise
And I broke them every one
You know I didn't mean to hurt you
But either way
your crying days are done

Now I wanna go back
To the love we've been missin'
'Cause every day's
a deeper shade of blue
Yeah I wanna go back
To where our hearts were yesterday
I just can't take one more
tomorrow without you

Let's not close the door
on what we used to be
Chasing hopes and dreams
to rainbow's end
I don't wanna hold you as a memory
If I can hold you in my arms again

Now I wanna go back
To the love we've been missin'
'Cause every day's
a deeper shade of blue
Yeah I wanna go back
To where our hearts were yesterday
I just can't take one more
tomorrow without you
