

TRUSTcompany, Fear

Standing here
I'm cold inside with fear
And I can't feel my soul
Take me in
I'm yours again for awhile
Just like the last time

lead me from the fear
and I won't leave you here
there's a way out, there's a way out
there's a way from here-believe
lead me from the fear
and I wont leave you here
there's a way out, there's a way out
there's a way from here-believe

I feel weak
And I'm slowly losing touch
With what is left in me
Take me in
I'm yours again for awhile
Just like the first time

lead me from the fear
and I won't leave you here
there's a way out, there's a way out
there's a way from here-believe
lead me from the fear
and I wont leave you here
there's a way out, there's a way out
there's a way from here-believe

And I need you
To keep me here
I'm starting over again
And I need you
To keep me here
I'm starting over again

lead me from the fear
and I won't leave you here
there's a way out, there's a way out
there's a way from here-believe
lead me from the fear
and I wont leave you here
there's a way out, there's a way out
there's a way from here-believe

there's a way out, there's a way out
there's a way from here-believe

there's a way out, there's a way out
there's a way from here-believe
