

TRUSTcompany, Figure 8

See that face from across the room
And I can feel you're nothing
Show your fear
It's not hard to see
Intention's pale, It's Blinding

Stop stop from the place I've been,
No good for the shape I'm in
I'm slow to the race you win
You wanna take me out

Stop stop with your face off in
My space and my wicked descend
No taste for the place I'm in
You need to stop, Stop

I am all you need to know
And I'm everywhere you go
No one can save you now
When it all comes around
And I'm everything you see
And I'm what you'll never be
No one can save you now
When it all comes around

Show your face and stare at me
And I can feel you glaring
Showing up and preparing me
And you're the one I'll bury

Stop stop from the place I've been,
No good for the shape I'm in
I'm slow to the race you win
You wanna take me out

Stop stop with your face off in
My space and my wicked descend
No taste for the place im in
You need to stop, Stop

And I'm all you need to know
And I'm everywhere you go
No one can save you now
When it all comes around
And I'm everything you see
And I'm what you'll never be
No one can save you now
When it all comes around

Take you down,
Leave you fallen,
Faceless, hurt and leave you down

Fall, break you now
Leave you fallen, faceless
Hurt and take you down
Wanna take you down

I am all you need to know
I am everywhere you go
No one can save you now
When it all comes around
I am everything you see
I am what you'll never be

No one can save you now
When it all comes around
