

# TRUSTcompany, Running From Me

Say a prayer for me  
Cuz I can barely breathe  
I'm suffering and I can't take it.  
Because of me, no one will ever see  
This side of me.  
If I don't make it...

-Chorus- 2x

It's like I can't wake up  
It's like I can't get up  
It's like I can't remember who I used to be.  
Am I running from you,  
or am I running from me?

Clear a path for me  
Cuz I can barely see...  
I'm stumbling and I can't shake it.  
It's up to me  
To save myself from me, my enemy.  
But I can't face it...

-Chorus-

I'm breaking now  
I'm breaking now  
I'm breaking out...

I'm breaking now  
I'm breaking out...  
Here I come, here I come..  
Here I come

Can't.. Wake.. Up.. cuz I'm no one

Am I running from you,  
or am I running from me?  
It's like I can't wake up  
It's like I can't get up  
It's like I can't remember who I used to be.  
Am I running from you?..

Can't face myself, I'm just left with the suffering!
