

# Trzynasta w samo południe, Rock'n'Roll, Babe

Lovin'

I was one of the letherjacket wearing guys  
My only reason in life were playing and having fun  
My music was a crap, my life was a junk  
And then a shine and bang I'm here with you

You came, changed my life, you've mixed in my mind  
Suddenly I recognize, it's what i could't find so long  
and everything has changed, I'm now tottaly difrent guy  
And Now I know what's love in rock'n'roll wicked style

You make my hot, you make me sink in love with you  
and you know that, I won't ever have enough  
You make me sweet, you make me melt when I'm seeing you  
this is the reason why I give, my rock'n'roll loving to you

And when I'm looking back on those years  
Hided in smoke of cigarettes and bottles of beer  
I have two reasons in live, which make me happy again  
I have my music and my beautifull loving women
