

# Tubes, For A Song

(Tubes/Rundgren)

What good is money  
unless it brings  
that certain something  
for the girl who's got everything  
Here is an item  
you can't pass by  
Won't even cost you  
one thin dime  
I won't give up  
until you own me,  
lock me up and throw away the key  
Precious possession,  
your private property  
The price is right

So won't you buy me  
for a song  
You can have me  
for a song

Just for a minute  
stand in my place  
You'll understand  
what I want you to say  
Give me a whisper  
or give a shout  
Tune me in, I'll work it out  
I'll never break down  
I'm maintenance free  
And I come with a  
lifetime guarantee  
You just can't pass up  
this opportunity  
Don't hesitate

'Cause if you want me  
for a song  
You can have me  
for a song

I belong to you--hand in hand together  
I belong to you--love into forever  
You're the only song I need  
so let your heart sing--sing for me

If you're serious  
then you can sample me  
I'm nearly yours  
but you know nothing comes for free  
You don't need money  
You have security  
I'm sure you got one  
somewhere

You can keep me  
for a song  
You can have me  
for a song
