

# Tubes, No Mercy

(Spooner/Steen/Prince/Welnick/Cotten/Anderson/Waybill/Styles)

Well it's a shame when you got nobody  
And it's a drag when you got no friends  
But it's a worse when you get no mercy  
And you're startin' all over again

And back in my own world  
Nobody bugs me  
But down on the shop floor  
They show me no mercy

I've been down to the railway station  
I've been over to the taxi stand  
I've been standing in the lobby of the Hyatt Hotel  
But I've never seen a helpin' hand

I'm lookin' for someone  
Not out to get me  
I'm keepin' my guard up  
Expectin' no mercy

No mercy  
No pity  
There's no mercy for me  
No sympathy

They say it's just like a gentle rainfall  
But it ain't never rained on me  
And back in my own world  
Nobody bugs me  
But down on the shop floor  
They show me no mercy

No mercy  
No pity  
There's no mercy for me  
No sympathy
