

# Tuesdays, Ill Be Here

These times are not the best  
And yet these times are all we have to share  
So when you feel you can't escape the madness  
I will make it easier to bear  
Here's a message I am sending  
Hope you read me loud and clear

Cuz I'll be here to hold you  
When your nights get lonely  
I'll be here to hold you  
And love you for the rest of my life

When dreams seem far away  
Do yesterdays keep haunting you  
Do they bring you down  
Well life can seem unfair  
When no one seems to care about you  
But darling look around  
I am standing right beside you  
Look with your heart you'll see

That I'll be here to hold you  
When your nights get lonely  
I'll be here to hold you  
And love you for the rest of my life

Just like the stars shine in the dark of night  
They've been burning for a million years  
I will be your bright star  
Your guiding light  
I will always be here  
I will always be here

{Speaking}  
I still remember the first time I saw you  
That night down at Joe's Cafe  
You wore your 49er's cap and a black leather jacket  
You just took my breath away

I'll be here to hold you  
When your nights get lonely  
I'll be here to hold you  
And love you for the rest of my life  
To hold you when your nights get lonely  
I'll, I'll be here to hold you  
And love you for the rest of my life  
Oh yeah I'll love you for the rest of my life  
I'll be here
