

# Tuesdays, Its Up To You

I know we never meant to fall  
The moment that my eyes met yours  
Our hearts went tumbling before we knew what'd happen  
And now that I am looking back  
You know I get the feeling that  
We started giving up just to keep from giving in

I still find hope  
In what little words we say  
And I'm holding on in a big big way

So if you ever change your mind  
I'll be waiting first in line  
You can hang your toothbrush next to mine  
It's up to you  
It's up to you  
Your toothbrush next to mine  
It's up to you

Every time I look at you  
I don't know how to hold on to  
The way I think and feel and breathe when I'm around you  
Oh we've been down the roughest roads I know  
We've come so far we've come so close

So if you ever change your mind  
I'll be waiting first in line  
You can hang your toothbrush next to mine  
It's up to you  
It's up to you

Sometimes I sit inside your chair  
I try to see what you saw from there  
Too much too soon  
Boy I've got so much to share

I still find hope  
In what little words we say  
And I'm holding on in a big big way

So if you ever change your mind  
I'll be waiting first in line  
You can hang your toothbrush next to mine  
It's up to you  
Yeah if you ever change your mind  
Then I'll be waiting first in line  
You can hang your toothbrush next to mine  
It's up to you  
Your toothbrush next to mine  
It's up to you  
It's up to you
