Who? /10x

Who are they?

Tell 'em I'm Dr. Who!

Tell 'em I'm Dr. Who!

Who are they?

Manaman came from the jungle
Wild animal I've never been humble
Summertime that's the rule when I come dude
When the beat drops it be lookin' like a rumble
Bricky boy I used to run from the Feds
And girls wanna ride ball like a pet
Right now girl we don't need a bed
That I ain't tryna make love that be messin' up my head
075 yeah she gave me her line
Keep it on the low and say my name!
If they ask who I am babe please tell a lie
I just be that sideman that boom bye bye
In the morning, daytime, even in the night
Anything I say she be like that's right
Anything I do she be like that's nice
If I really want to
Tell 'em I'm Dr. Who!

Tell 'em I'm Dr. Who!

Who are they? Who are you?

Tell 'em I'm Dr.

We can time travel to my yard
Excited a trolley or car
I'm a fixer, fix that heart
You can never be sick when you're chillin' with moi
Chillin' with me, me and the crew
Pretty is your wife?, she likes how I move
Who are they? Who are you? Who am I?
Tell 'em I'm Dr. Who!

Who am I?
Tell 'em I'm Dr. Who!

Who are they? Who are you?
Tell 'em I'm Dr. Who!

Tell 'em I'm Dr. Who!

Who am I?
Tell 'em I'm Dr. Who!

Who!
