And crackin em up with the word of the wise  
I be bringin em up in the flow of the funky dialect  
I elect a flow for suckers that try a wreck  
I spark the light of a head and be wakin em up and then cause a fly effect  
I insist ya lay with the path of my rhythm and follow me like a scripture  
Flowin this from my lung, a tongue twister  
Mista, my style'll be makin a dent and be leavin the tracks bent  
Steppin is the lyrical black gent, my Nubian accent  
Breakin em up and then makin em take in the smell of my funk I be kickin up in em  
And then I'ma give em a lick of my lyrical lollypop, I'm gonna bring em into my doctrine  
Rock, then the rhythm'll makin the clock spin blackwards  
The funk of the rhythm'll snap, crackle and pop, then flow, oh
