

# Tunng, People Folk

I saw the sun  
I saw the sun  
I saw the sun fall on everyone  
I saw the sun the people had to run

I see the stars  
I see the stars  
I see the stars try to reach my heart  
I see the stars the people the way they are

I felt the flame  
I felt the flame  
I told my friends to watch their aim  
I felt the flame of the people felt the same

I saw the eyes  
I saw the eyes  
I saw the eyes sparkle in my mind  
I saw the eyes and the people folk it out

I heard the sound  
I heard the sound  
I heard the sound and the beauty ground  
I heard the sound and the people gathered 'round

I touched the lips  
I touched the lips  
I touched the lips and next scene I'll shapes  
I touched the lips and the people fell in love

I saw the sun  
I saw the sun  
I saw the sun fall on everyone  
I saw the sun the people had to run
