Looking at death with the last of my breath
Follow follow my kids but don't sin in my steps
Yet the weapon is kept with the best of my secrets
Deep in the leaves I'm alone nigga believe
That I can see it if needed an if you really want me in
Well let it be and get the greens and be runnin up over cleveland

(2Pac)

Thugs is convicts in gods prison hand on the strap
Praying to father please forgive me police be rushing when they see me

Pleasure and pain stuck in this game holler my name
We all gone die we bleed through similar veins
You'se explain to me now don't panic when my gun burst
Heard the last jam nigga this ones worse

Little thug from the land nigga never ran
Motherfuckers out to get me they don't understand

Fuckin round with the band Bone Thugs N Harmony
Follow down the road we stroll to meet karma
Everything I do it seem to cause drama
Ready for the war like a knight in my armor bomb ya
So quick to test us nigga wanna crash me eat dust
For the love of the lust niggas bustin on us
Hit 'em up with he buck 12 gauge erupt it's the Art Of War
Putting niggas on the floor
when I'm comin through the door bringin nothin but terror
Causing much to the nigga that dared us
trying to put a twist in this thugsta
era Paired up with a nigga like Pac
and a nigga like me gotta stay high
Thug Luv till i die keep my prayer to the sky
but I'm still in the hood smoke and fry
So I beg the lord to save us all escapers of misery
Bless my niggas in penitentiaries soldiers of the century

(Krayzie)

Here to get it told my niggas to get the hell down
Down with the dirt and we don't fuck around
Buck a couple of rounds and if you're passing through then hit the ground
And don't get caught up in the crossfire nigga
Artillery thick and you don't want to get to fuckin with this
I'm straight devil devil not a punk and pretend
I reload buck a little more flee the scene
'fore the po-po even know what you lookin for
They don't know a motherfucker with a leatherface hey
Man she said I ran this way said I ran that way
You hoes'll never know because I got away yeah
A criminal mind a nigga on the level sometimes
so get high and analyze your crime
Directly organized with results you'll be surprised
