

Turbonegro, Nihil Sleighride

Come walk with me up to the mountain -
The landscape's icy -
And it's bare -
If you want to be among the eagles -
Just try to follow if you dare -

Never is forever -
At least until December -
I don't think -
I'm going back again -
Never is forever -
As far as I remember -
I don't think we'll -
Ever meet again -

Thee air is thin -
The cold makes you shiver -
But you can take it -
If you've got the nerve -
Gather all your strength -
And deliver -
You're a straight line -
And not a curve -

Never is forever -
At least until December -
I don't think -
I'm going back again -
Never is forever -
As far as I remember -
I don't think we'll -
Ever meet again -

OH OH -
OH OH -
OH OH -
HEY! -

Repeat chorus -
