

Turbonegro, Screwed And Tattooed

Alright -
Oh, No -

It was six months ago -
But it seems like yesterday -
Went to a party -
Later on were gonna play -
Went driving for a while -
Checking out some girls -
When I saw this long haired one -
URGHHH -

The last thing I remember -
A fist packed with rings -
Some biker screaming -
We'll take you for a spin -
Hey, Action Brothers -
Now I'm going down -
Last night - for you -
Indie underground -

Well, I ain't got it good -
I got it bad in fact -
In fact I'm fucked up -
Goddamn Satans on my back -
Oh, I was tired of being -
Satans little whore -
And now I'm dead -
I got no Satans at my door -

But when I came to -
I could'nt move my hands -
I felt strung out -
Waiting for romance -
But it hurt -
Hurt like hell -
Motorcycle ass fucking -
UHHHH - ARGGHHH -

Well, now I'm dressed again -
Got a fresh tattoo -
And it hurts so much -
When I think of you -
There won't be anything -
Between you and me -
I am El Satan's property -

Oh baby I tried to run -
Oh baby I tried to hide -
And now El Satans gonna take me for a ride -
Oh baby I tried to run -
Oh baby I tied to flee -
You know El Satan's gonna be the end of me -

Well, I ain't got it good -
I got it bad in fact -
In fact I'm fucked up -
Goddamn Satans on my back -
Oh, I was tired of being -
Satans little whore -
And now I'm dead -
I got no Satans at my door -

Oh baby I tried to run -

Oh baby I tried to hide -
And now El Satan's gonna take me for a ride -
Oh baby I tried to run -
Oh baby I tied to plea -
You know El Satan's gonna be the end of me -

Well, I ain't got it good -
I got it bad in fact -
In fact I'm fucked up -
Goddamn Satans on my back -
Oh, I was tired of being -
Satans little whore -
And now I'm dead -
I got no saviors at my door -

Try to hide -
Live to ride -
