

# Turbonegro, Stay Free

Hey, Hank who are you?  
Who said that?  
Whats with the hat and the cain?  
Are you really insane?  
Or is it just a game?  
Something you ain't

Hey, Hank whats up with the eyes?  
Is it just a disguise - you know?  
Something you're trying to hide  
Something deep inside

So shutup - shutup  
Put your denim on and stay free  
And get up get up  
Shake your leather off and stay free

Hey, Hank what do you want back-off?  
Whats up with the cape?  
With the ape that you raped?  
And your heart full of hate?  
Was it worth the steak?

Hey, Hank is it true that you died?  
Or is it simply a lie?  
That you know you sacrificed a life  
To the gods up high

So shutup - shutup  
Put your denim on and stay free  
And get up get up  
Shake your leather off and stay free

So when you see me in my denim dream  
You know I play for keeps  
You know I'm trying just to keep it clean  
Because I'm a freedom machine such a freedom machine

Treasure  
So shutup - shutup  
Put your denim on and stay free  
And get up get up  
Shake your leather off and stay free  
Gotcha
