

# Turilli/Lione Rhapsody, I Am

While looking back I feel  
I chose the widest peaks to climb  
But I believe my change was worth  
All that effort, tears and sorrow

Once the wild river broke the bank  
I searched for help beyond the skyline  
When a gentle soft rain of star powder  
Soon allowed me to discover

I'm the curvature of space and time  
The singularity breaking down  
A mind separated from spirit and soul  
And all known physical laws  
'Cause I am what I am  
And I am what I am

Yes I am  
Limit and solution  
Yes I am  
Birth and evolution  
I am all I think  
I am all I want  
And I have the choice  
I'll regain the lost time  
To shape my new fate  
Feel alive

Yes I am  
Limit and solution  
Yes I am  
Essence of forever  
I can be all I think  
I can be all I want  
The one with the choice  
I'll regain the lost time  
To shape my new fate  
Feel alive

I can't forget those times  
Innocence stalked by my own mask  
Busy to find a role to play  
In a movie called illusion

I felt the need to reach your hand  
Willing to dive into your veiled sweetness  
When the gentle soft rain of star powder  
Once more cleared up all my questions

I'm the curvature of space and time  
The singularity breaking down  
A mind separated from spirit and soul  
And all known physical laws  
'Cause I am what I am  
And I am what I am

Yes I am  
Limit and solution  
Yes I am  
Birth and evolution  
I am all I think  
I am all I want  
And I have the choice  
I'll regain the lost time

To shape my new fate  
Feel alive

Yes I am  
Limit and solution  
Yes I am  
Essence of forever  
I can be all I think  
I can be all I want  
The one with the choice  
I'll regain the lost time  
To shape my new fate  
Feel alive

Busy to find a role to play  
In that movie called illusion  
I felt the need to reach your hand  
Willing to dive into your veiled sweetness

I'll breathe your essence  
Soaring through the indigo skies  
Through the indigo skies

It's time for me to forget  
Find the exit of the maze  
Time to live  
Time to find my way through the maze  
And free myself  
It's time to live, no regrets  
Free myself from all that  
That insane and grotesque  
Psychedelic masquerade

I am ice and fire  
Limit and solution  
I am a vibrant waveform  
Essence of forever

I'm the curvature of space and time  
The singularity breaking down  
A mind separated from spirit and soul  
And all known physical laws  
'Cause I am what I am  
And I am what I am

Yes I am  
Limit and solution  
Yes I am  
Birth and evolution  
I am all I think  
I am all I want  
And I have the choice  
I'll regain the lost time  
To shape my new fate  
Feel alive

Yes I am  
Limit and solution  
Yes I am  
Essence of forever  
I can be all I think  
I can be all I want  
The one with the choice  
I'll regain the lost time  
To shape my new fate

Feel alive

Yes I am
