

Turin Brakes, Where I've Been

I got to bed early this morning
The stars were still bright
I got to bed early this morning
And everything in my head feels alright

Cos I don't know exactly where I'm going
I don't know exactly where I've been
I don't know exactly where I'm going
I don't know exactly where I've been, alright

The world keeps revolving
The cars keep driving
The money keeps on coming
And I keep smiling

Cos I don't know exactly where I'm going
I don't know exactly where I've been
I don't know exactly where I'm going
I don't know exactly where I've been, it's alright

Keep on, just keep on, keep on, walking
Keep on, just keep on, keep on, walking

Cos I don't know exactly where I'm going
I don't know exactly where I've been
I don't know exactly where I'm going
I don't know exactly where I've been, it's alright

If the fish keep swimming
The birds keep flying
And the planes keep falling
And the people keep dying

Well I don't know exactly where I'm going
I don't know exactly where I've been
I don't know exactly where I'm going
I don't know exactly where I've been

On and on...

I don't know exactly where I'm going
I don't know exactly where I've been
I don't know exactly where I'm going
I don't know exactly where I've been
