

# Tuuli, Summer Song

Hey Yeah Yeah  
Hey Yeah Yeah Yeah Yeah

You never listen to a word I say  
But I'm not making sense anyway  
It's Summer time so I don't really mind

Yeah the radio is playing our song  
The sun is shining all day long  
The top is down and nothing could go wrong

Hey Yeah Yeah  
Hey Yeah Yeah Yeah Yeah

You took a job at the record store  
Cause you were tired of being broke  
You should be working but your reading magazines

You never call me when you say you will  
Always collect and I foot the bill  
When it comes to romance  
Boy your just a failure

Hey Yeah Yeah  
Hey Yeah Yeah Yeah Yeah

So who am I  
To expect a reply  
It's the same sad story as last summer  
I fell for your act  
It's a real sad fact  
I believed that we'd always be together

Now the sun is getting really annoying  
And I can sense that you are trying to avoid me  
This summer sucks but it's winter in Australia

Hey Yeah Yeah  
Hey Yeah Yeah Yeah Yeah
