## Tuuli, Summer Song

Hey Yeah Yeah Hey Yeah Yeah Yeah Yeah

You never listen to a word I say But I'm not making sense anyway It's Summer time so I don't really mind

Yeah the radio is playing our song The sun is shining all day long The top is down and nothing could go wrong

Hey Yeah Yeah Hey Yeah Yeah Yeah Yeah

You took a job at the record store Cause you were tired of being broke You should be working but your reading magazines

You never call me when you say you will Always collect and I foot the bill When it comes to romance Boy your just a failure

Hey Yeah Yeah Yeah Yeah Yeah

So who am I
To expect a reply
It's the same sad story as last summer
I fell for your act
It's a real sad fact
I believed that we'd always be together

Now the sun is getting really annoying And I can sense that you are trying to avoid me This summer sucks but it's winter in Australia

Hey Yeah Yeah Hey Yeah Yeah Yeah Yeah
