

# TV On The Radio, King Eternal

All men condemned by men to die  
Damned by blind bitch in hallowed halls  
Hear it, heed this call:

Oh fucking eternal

Infinity's hourglass will measure all measure all  
So, power

Cover your balls  
'Cause we swing kung fu

Oh fucking eternal  
Oh fucking eternal

Afraid of thunder children, so hide your ears  
Hope your fortress holds up for many many many years  
Shudder, it's a shame  
Lightning, call the game  
Send us up a baby boy  
Let the smoke carry his name

If it's a girl let her shine

We will be

Oh fucking eternal

The hour of man is nigh  
So gather up all supplies  
And stack 'em up high  
Stack 'em up high

Faith, Nathan I could see it in your eyes  
Warmth, Nathan I can see it in your eyes

Golden houses, silver brides  
Immortal erection, tongues untied

Oh fucking eternal  
Oh fucking
