

TV On The Radio, Things You Can Do

Prettiest one I know
stole away all to show
you are so easy to love
You are so hard to let go
Prettiest world I know
Loviest one I know
You were the first to come
We were the last to go
Prettiest world I know
You were so hard to let go
You were the dream of my heart
We were the last ones to know
We were the last ones to know (x2)
