

TV On The Radio, Walking The Cow

Trying to remember,
But my feelings can't know for sure.
Try to reach out
But it's gone

Lucky stars in your eyes
I'm walking the cow

I really don't know how I came here
I really don't know why I'm stayin' here
Oh, Oh, Oh. I'm walking the cow

Tried to point my finger,
But the wind is blowin' me around
In circles...in circles

Lucky stars in your eyes
I'm walking the cow

I really don't know what I have to fear
I really don't know why I have to care
Oh, Oh, Oh. I'm walkin' the cow
Lucky stars in your eyes
