

Twarres, Children

Were coming from far
Over oceans of time
Were coming from places we once left behind
Were looking for love
In the heart of every man
Were looking for reasons well all understand

Chorus

We are (we are)
In need (in need)
We want (we want)
A place for everyone
We shine (we shine)
Through love (through love)

We are (we are)
The children of the sun
We follow our dreams
Well never stop
We follow our hopes
And we'll never give up
Until we have found
The warmth of the sun
Untill we are born

Chorus

We are
In need
We want
A place for everyone
We shine
Through love

We are
For ever on the run

We are
In need
We want
A place for everyone
We shine
Through love

We are
The children of the sun
Were coming from far
Over oceans of time
Were coming from places we once left behind
Were looking for love
In the heart of every man
Were looking for reasons well all understand

We follow our dreams
Well never stop

We follow our hopes
And we never give up
Until we have found

The warmth of the sun
Untill we are born

The children of The sun
(We shine Through love)
