

Tweak, Buy The World

Well I'm lookin for the girl
Who's got the keys to my heart
She be tall and blonde and beautiful
Both pretty and smart
If ya see her won't you tell her
I'd like to buy her the world.

Well I never really met her
But I know she exists
Because I've seen her in a centerfold
I gave her a kiss
If ya see her won't you tell her
I'd like to buy her the would.

CHORUS

I'd buy the world for you,
If you want me to,
If you want me to
I would buy the world for you
Pick a star for you,
If you want me to,
If you want me to
I would pick a star for you

When I found that special some one
Gonna treat her alright
We'll put my Westlife CD on
And then we'll make out all night
If ya see her won't you tell her
I'd like to buy her the world

And she won't be the all the others
She won't break my heart
And we'll be joint like Siamese twins
So that we're never apart
If ya see her won't you tell her
I'd like to buy her the world.

CHORUS
