

Tweet, Enough

You're good for nothing
And I ain't gonna cry over you
You hurt me in ways
But those days are through
Learn how to push from the pain
You didn't expect me to
With you always the same things

And I've had enough
Wasting my tears on you
Yes I've had enough
Wasting my tears on you

Reconciliation
No we won't be making love
I'll do whatever it takes
To get you out of my system
Learn how to smile in the pain
Even when it's dark from back sideways
It will never be me again

'Cause I've had enough
Wasting my tears on you
Yes I've had enough
Wasting my tears on you

I'm tired and I know you ain't worth it
I'm tired and I know you ain't worth it
I'm tired and I know you ain't worth it
I'm tired and I know
I'm tired and I know
Had enough
Ye ,ye ,ye
I've had enough and I know you ain't worth it
No more wasting my tears
You ain't worth it
I've had enough
Enough is enough
