

# Tweet, Turn The Lights Off

(featuring Missy Elliott)

(Chorus)

Boy why don't you put the needle on the record  
Turn the lights off  
Lets get closer than closer than most  
Turn the lights off  
I think we can get to know each other better if we  
Turn the lights off  
And lets grab a glass and lets make a toast to me

(Verse 1)

You and I, in a room, so dark  
Hold me tight, all night, lights off  
Kiss me, everywhere, I'd never dreamed  
Its like heaven, heaven

(Chorus)

You gotta put the needle back on the record  
Turn the lights off  
Lets get closer than closer than most  
Turn the lights off  
I think we can get to know each other better if we  
Turn the lights off  
And lets grab a glass and lets make a toast

(Verse 2)

Here we are, you and me, just us two  
I'm feelin high, so high, when I'm round you  
Don't hold back, let it go, show me how you feel  
Ride it all night, all night, like I'm going

(Chorus)

Put the needle back on the record  
Turn the lights off  
Lets get closer than closer than most  
Turn the lights off  
I think we can get to know each other better if we  
Turn the lights off  
And lets grab a glass and lets make a toast

(Missy)

Hit the witch to the light tonight  
And make it right like a first class flight  
We a light like smoking a pipe  
Turn it up like we rockin the mic  
You get my hype I feel horny and trife  
So polite you might make me your wife  
I ain't right the way I'm livin my life  
See how I am when you turn off the lights  
I gotta jones all down in my bones  
I gotta lil twitch up in my spine  
And if I let you go and feel on me  
You gone have to play this one mo' time

(Chorus) 2x

You gotta put the needle back on the record  
Turn the lights off  
Lets get closer than closer than most  
Turn the lights off  
I think we can get to know each other better if we  
Turn the lights off  
And lets grab a glass and lets make a toast
