

# Twelfth Night, Pressure

(Andy Sears)

Law--

You live by bias rules

Law to break

Whenever you choose

Playing,--only playing

Guilty, guilty--

Judge and jury--tyranny

Sentence, sentence--

Fan the flames of anarchy

It's no example, sets no example

Pressure!--We will, we will slam the door

Let Go!--We will, we will run

Run away--

Schools who teach

But cannot learn

Learn you that soon

Fingers must burn

Growing never knowing

Pressure!--We will, we will slam the door

Let Go!--We will, we will run away--

Still farther

Hold on tight, hold on tight

Hold on tight--

All your dreams, all your dreams--

Keep them right

Be an anthem,

Must be an anthem

I feel--

Pressure!--We will, we will slam the door

Let go!--we will, we will run away!
