

TWENTY ONE PILOTS, Chlorine

[Intro: Paul Meany]

So, where are ya? It's been a little while

[Chorus]

Sippin' on straight chlorine

Let the vibe slide over me

This beat is a chemical, beat is a chemical

When I leave, don't save my seat

I'll be back when it's all complete

The moment is medical, moment is medical

Sippin' on straight chlorine

[Verse 1]

Lovin' what I'm tastin', woah

Venom on my tongue, dependent at times

Poisonous vibrations, woah

Help my body run

[Refrain]

I'm runnin' for my life

Runnin' for my life

[Chorus]

Sippin' on straight chlorine

Let the vibe slide over me

This beat is a chemical, beat is a chemical

When I leave, don't save my seat

I'll be back when it's all complete

The moment is medical, moment is medical

Sippin' on straight chlorine

[Verse 2]

Fall out of formation, woah

I plan my escape from walls they confined

Rebel red carnation, woa-a-oh

Grows while I decay

[Refrain]

I'm runnin' for my life

Runnin' for my life

Yeah, I'm runnin' for my life

Runnin' for my life

[Verse 3]

Hide you in my coat pocket, where I kept my rebel red

I felt I was invincible, you wrapped around my head

Now different lives I lead, my body lives on lead

The last two lines may read incorrect until said

The lead is terrible in flavor

But now you double as a paper maker

I despise you sometimes, I love to hate the fight

And you in my life is like

[Chorus]

Sippin' on straight chlorine

Let the vibe slide over me

This beat is a chemical, beat is a chemical

When I leave, don't save my seat

I'll be back when it's all complete

The moment is medical, moment is medical

Sippin' on straight chlorine

[Interlude]

Let the vibe, let the vibe

Let the vibe, let the vibe
Beat is a chemical, yeah
Let the vibe, let the vibe
Let the vibe, let the vibe
Moment is medical, yeah
Sippin' on straight chlorine
Let the vibe, let the vibe
Let the vibe, let the vibe
Beat is a chemical, yeah
Let the vibe, let the vibe
Let the vibe, let the vibe
Moment is medical, yeah

[Outro]
I'm so sorry I forgot you
Let me catch you up to speed
I've been tested like the ends of
A weathered flag that's by the sea
Can you build my house with pieces?
I'm just a chemical
Can you build my house with pieces?
I'm just a chemical
Can you build my house with pieces?
I'm just a chemical
Can you build my house with pieces?
I'm just a chemical
