

# Twice Born, Destroy The Old

Precious is Your name  
With Your blood You take my shame  
Worthy You are  
God have mercy, break my heart.

Comfort me, give me peace  
Make me strong on my knees  
I'm on my knees.

Holy God, giving grace  
Keep me humble, on my face  
I'm on my face.

Sanctify my soul  
Make me whole  
Destroy the old.

Let the new day begin, in love again, free from sin  
Purity reside  
I can't live without You on my side  
Destroy the old.

Jesus, free us!
