

TWICE, More & More - English Version

I know I want it
I don't wanna hide
pretending I don't want it
cuz i deserve it deserve it
I'm not worried
what you will think of me
when you see what's inside me
cause I know you I know you

Don't look away, look in my eyes.
show me your heart do not disguise
You can run but you cannot hide no no
Even if you tell me good-bye
Whenever you open your eyes
you'll think of me, you're hypnotized

You're gonna say more more more more more and more
Can't help but say more more more and more
cause you can't get enough
I wanna have more more more more more and more
And you will say more more more and more
Cause it's never enough

You'll be begging for more
More and more
cause you can't get enough
You'll be craving for more
More and more
cause it's never enough

Do you feel me
or do you still not understand
how much you love me
Boy you need me you want me
Stop pretending I can see it in your eyes
You're already mine
Cuz I know you I know you

Even if you cover your ears
and push me away for years and years
In your HEART I won't disappear
Be right there Nono
If I ever call out your name
Your heart will feel just like the same
You are gonna be mine again
And once again

You're gonna say more more more more more and more
Can't help but say more more more and more
cause you can't get enough
I wanna have more more more more more and more
And you will say more more more and more
Cause it's never enough

You'll be begging for more
More and more
cause you can't get enough
You'll be craving for more
More and more
cause it's never enough

I'm a greedy girl
sorry if you didn't know
Take my apology

because i want you more more
Gonna steal your heart
own it and won't let it go
By then you'll understand
you can't say no no
I'll be sneaking in you heart like a stray cat
Conquer it, and put my mark on it like a tat
My love, so sweet this plan will never fall flat
And once again

You'll be begging for more (You're gonna say it)
More and more
cause you can't get enough (Cause it's never enough)
You'll be craving for more (More and more)
More and more
cause it's never enough
