

Twin-A, Automobile

Let's drive in your car
Go out way too far
'Til we don't know where we are
Let's drive in your car

Automobile
I'll be fine when you take the wheel
Can we go for a ride in your automobile?
Automobile

We'll go out pass the lake
I'll show you my mistakes
The house where she once lived
It's up around the bend

Automobile
I'll be fine when you take the wheel
Can we go for a ride in your automobile?

Slow down round the bend
We're closer than we might have been
Caution up ahead we're closer than we might have been

Automobile
I'll be fine when you take the wheel
Can we go for a ride in your automobile?
