

Twin-A, Bitch

When I came home
From work one night
To find you fucking on the floor
You didn't hear
You were pre-occupied
You didn't hear the key turn in the door
I'm not surprised.
I'm not surprised.

Cause when I go,
On my way
I know what you do,
I know where you stay.
I know what goes on behind closed doors
And it's something that I can not ignore

You little bitch
I love you so
And what kills me now because you know
You knock me down
You turn me on
Come on baby, get up and get going.

Cause we all hide
Our true face
Behind these stupid, shallow little thin charades
And we all run
But we can't hide
The truth is no one's safe from what's inside

You little bitch
I love you so
And it kills me now because you know
You knock me down
You turn me down
So come on baby, get off and get going.

You don't want this anymore
You don't want me anymore
You don't want this anymore do you?
And I'm so fucked up
But so are you
Tell you what we're gonna do
You be me and I'll be you for now

You little bitch
I love you so
And it kills me now cause you know.
You knock me down, you turn me on
Come on baby, get up and get going

Cause I'm your bitch
I love you so
And over me you've got complete control.
