

# Twin-A, Proof

Well, I told you that I loved you  
And you thought I didn't mean it  
So I finally get the chance to prove you wrong  
And you came in through my window  
And I knew that you had seen it  
As you've did many times before

And I heard about your heartaches  
And your distant faded mistakes  
But it never even stopped from anything

Won't you be my tambourine  
And I can shake you in the morning  
And oh darling when you wake up from this dream

'Cause all I want is you  
And all I need is you

Well we ran around the issues  
And we never stay out of trouble  
And we're pretending how he wasn't there at all  
And I knew about the reasons  
And I knew about your cover  
When it blew only for you came in at all

So don't tell me you don't believe it  
Don't tell me that you don't want me  
Cause I know about the things behind your eyes  
Oh the stories that you tell  
You make you hide away so clever  
But you don't know that I really know they're lies

When all I want is you  
And all I need is you

Well, I told you that I loved you  
And you thought I didn't mean it  
So I finally get the chance to prove you wrong  
And I heard about your mistakes  
And your heartaches and your tragedies  
But it never seemed to carry on too long

Won't you be my tambourine  
And I can shake you in the morning  
And I will hold you by my head so very tight  
Cause I told you that I loved you  
And you thought I didn't mean it  
But I finally get to show you now tonight

Cause all I need is you  
When all I want is you  
And all I need is you
