Twista, In Your World

(feat. Speedknot Mobstaz, Christopher Williams)

[Chorus]
(Let me in your world)
I rock your body all night
Sip on some (?) drink to make you feel right
Lay on the waterbed and hold you real tight
I be makin' you feel nice if you let me in your world
I can rock your body all night
Sip on some (?) drink to make you feel right
Lay on the waterbed and hold you real tight
I be makin' you feel nice if you let me in your world
(Let me in your world)

[Liffy Stokes]

I need love, it's off the hizze, think you can please me
Don't hurt me, take it easy girl, we on the E-Way
You know you met me when I crashed the bar
And why'd you kissin' on my neck, I'm 'bout to crash the car
So pass the 'la, relax baby it ain't far
Since you started askin' me questions on gossip about stars
Girl you better be on script on who you with
She's been forcin' Liffy Stokes from the mobsta click

[Mavz]

I'm chillin' at the click, with nums getting numb, I bumps
Tryin' to find a cutie to kickin' with, watch the risin' sun
Here she comes with them big legs, no fat on the back
What's up shorty, can we kick it tonight and choke on the sack
Come see as I foreplay, freaky at this slow-ass track
Big and black, had attention ready to dig in that
So what we just met, that don't mean I won't give you respect
I just fight the temptation to get your body real wet

[Christopher Williams]
Ahh, keep givin' them hand claps, baby
Watch them speakers be harmed
And the bass be soft, ooh
Ahh, keep givin' them hand claps, baby
Watch them speakers be harmed
And the bass be soft, ooh

[Twista]
