

# Twisted Method, Shine

Shine...

Think about back in the day.  
When I was afraid to say what I had to say.  
But things changed and I found a way to release this pain.  
Still strugglin but I know I've got myself to blame.  
I gave up everything to find a way to keep my veins clean.  
Everyone around me seems to feel okay.  
I need to feed off of them and teach myself to do the same thing.  
But you know it's hard when you're scattered, shattered and had it.  
Don't know what to do about it, confused and getting rowdy.

This is all I'll ever need to set my mind at ease.  
I'll sacrifice anything just to be.  
Shatter all my petty dreams away.  
Just let me shine.

Never have I felt this way.  
I've only got myself to blame.  
This is my chance to get away.  
I want to shine.

With a beat that's poppin  
I know for nothing I ain't stoppin.  
Better get out of my way boy.  
Or you'll be the next one I'll be droppin.  
This is something I can do without.  
So go on about your way.  
For the ones who feel this you gotta get up and rock this bitch.  
With a stolen innocence I'm about to loose my mind again.  
But I can't and I won't cuz I know that all I want to do is shine.

This is all I'll ever need to set my mind at ease.  
I'll sacrifice anything just to be.  
Shatter all my petty dreams away.  
Just let me shine.

Never have I felt this way.  
I've only got myself to blame.  
This is my chance to get away.  
I want to shine.

C'mon shine with me now! C'mon!

Never have I felt this way.  
I've only got myself to blame.  
This is my chance to get away.  
I want to shine.

Never have I felt this way before.  
I've only got myself to blame.  
This is my chance to get away.  
I want to shine.
