

Twisted Sister, I Will Win

This war ain't over, hell, it ain't over 'til I choose
Think up your weapon, you'd best prepare yourself to lose
I am in control, no one's gonna take me, no one's gonna break me
Vengeance is my goal and then I'm gonna have it, break you like a habit
When I start to run, crawl back to your hole

Oh, I, I will win
Oh, I, I will win

This battle roll on, it's been fought one thousand times before
And only one man is gonna wealth can over tore
Tell me you believe, shade it like my babbit, shade it like my babbit
Don't try and deceive, I know what you're doin' and who you've been screwin'
Gift that you receive, now I'll give it back to you

Oh, I, I will win
Oh, I, I will win
Oh, I, I will win
Oh, I, I will win

Oh, yeah

Solo - Eddie

When I start to run, crawl back to your hole

Oh, I, I will win

Aw, I, I will win
Oh, I, I will win
Aw, I, I will win
Oh, I, I will win
