

# Twisted Sister, Statutory Date

Ha, ha  
Good lookin', dressed to the nice  
You know this little girl is gonna blow my mind  
Big talkin', I've nothin' to say  
You know I'd give my soul away

Heart stoppin', she steals the show  
She's every neater woman but there's years to go  
Someone help me make me forget  
Or I'll do something that I'll regret

'Cause I love her, want her, need her  
I just got to have her  
Love her, want her, need her  
Gotta make her mine

She's my statutory date  
I just can't wait, I've got to have her  
She's my statutory date  
To him jailbait, got my eye on you

He said, I'm only human, can't help what I saw  
This really isn't fanta and you be alarmed  
I know she's willing, well, maybe she ain't  
So catch me now before I faint

'Cause I love her, want her, need her  
I just got to have her  
Love her, want her, need her  
I've gotta make her mine

She's my statutory date  
I just can't wait, I've got to have her  
She's my statutory date  
To him jailbait, got my eye on you

Oh, yeah

Solo - Eddie

'Cause I love her, want her, need her  
And I just got to have her  
Love her, want her, need her  
Gotta make her mine

She's my statutory date  
I just can't wait, I've got to have her  
She's my statutory date  
I'm talkin' to me, got my eye on you

Oh, yeah  
I'm a human, oh yeah  
Get outta my way, baby  
I need your love, oh
