## Twisted Sister, Stay Hungry

are you feeling the fire? are you ready to explode? are your dreams and desires riding down an open road? i'm like a runaway a heart without a home others can laugh and play i'll fight for every inch i take i'm desperate to the bone

stay hungry feel the fire stay hungry don't explode stay hungry with desire stay hungry you're alone

be the hunter and the hunted keep your target in your sight don't be side tracked or shunted let pretenders feel your bite and if you start to slide never show you're weak don't feel you've got to hide remember what you're fighting for remember what you seek

stay hungry feel the fire stay hungry don't explode stay hungry with desire stay hungry you're alone all right!

if your fire is faded and you can't feel it no more if you're tired and overrated let me show you to the door expect no sympathy there's none to be had open your eyes and see there's no room for the wannabees. the has beens or the bad

stay hungry feel the fire stay hungry don't explode stay hungry with desire stay hungry you're alone stay hungry feel the fire stay hungry don't explode stay hungry with desire stay hungry you're alone
