

# Two Feet, Tell Me The Truth

I feel myself go insane  
I've got a lot I cannot say  
For too long, I bide my time, I say i'm fine, I watch you float on, float on  
For too long, I've been to fake, pretend to be, all that you need

So tell me the truth my baby baby  
Is it me is it you? I say, I say oh  
So tell me the truth my baby baby  
Is it me is it you? Oh

The image stuck inside my mind  
Your body trapped in space and time  
For too long, I dream of you, all that you do, I watch you float on, float on  
For too long, I contemplate, I try to be, all that you need

So tell me the truth my baby baby  
Is it me is it you? I say, I say oh  
So tell me the truth my baby baby  
Is it me is it you? Oh
