

Two Feet, You?

girl
don't tell me your problems
I don't wanna solve them
I don't really care
and you had a lot on your mind now
your mind
your mind
it's true
so
tell me the truth was it me than
who needed
you who needed

girl I am twisting and turning
this room here is burning
theres smoke in the air
who needed
and you had a lot on your mind now
your mind
your mind
it's true
so
tell me the truth was it me than
who needed
you who needed
