

Two Hours Traffic, Stuck for the Summer

I will let you sing my song if you can relate
Let you get the lyrics wrong,
They're not that great

I've been holding coat tails so you could cut in line
But when I'm walking down the rails,
You blow on by

(Chorus)
Nobody wants to get stuck for the summer,
Started with one, we ended with another,
Scratch your name in my side
It's all about making good time

Damn whatever you can find with villains in your play,
You'll be swinging on their lines and
Casting me away

(Chorus)
Nobody wants to get stuck for the summer,
Started with one, we ended with another,
Scratch your name in my side
It's all about making good time

(Chorus)
Nobody wants to get stuck for the summer,
Started with one, we ended with another,
Scratch your name in my side
It's all about making good time

Anyway, anyway, anyway you wanna go
Anyway, anyway, anyway you wanna
Anyway, anyway, anyway you wanna go
Anyway, anyway, anyway you wanna
Anyway, anyway, anyway you wanna go
Anyway, anyway, anyway you wanna
Anyway, anyway, anyway you wanna go
Anyway, anyway, anyway you wanna

(Chorus)
Nobody wants to get stuck for the summer,
Started with one, we ended with another,
Scratch your name in my side
It's all about making good time

Anyway, anyway, anyway you wanna go
Anyway, anyway, anyway you wanna go
Anyway, anyway, anyway you wanna go
Anyway, anyway, anyway you wanna
