JUST WILD BEAT COMMUNICATION

While being pounded by rain

I want to let you know the unfading hot feelings inside me

TONIGHT!

I held your damp shoulders to warm you
Your fingers tremble--what are they seeking?
In broken speech, tell me why you want this pain
You no longer seem so grown up, as your pretenses fade
I want to protect this image of you--
Believe that love will change sadness to strength

** JUST WILD BEAT COMMUNICATION

Don't be afraid of anything

Because no one's going to take away the shared feelings of now, our youth

JUST WILD BEAT COMMUNICATION

While being pounded by rain

I want to let you know the unfading hot feelings inside me

TONIGHT!

Until the faraway dawn, I want to spend the night nestled close to you
We can lose everything else, as long as we don't lose gentleness
From words, through kisses, we feel each other's heartbeats
Drawing passion near, for an instant, for eternity...
Painfully, violently, I want to focus on this
In this tearful situation, only you are precious

JUST WILD BEAT COMMUNICATION

Don't surrender anything

Because, if we both understand each other, we'll be able to fight as one

JUST WILD BEAT COMMUNICATION

Don't let go of love

This overflowing, hot face will tell you its deepest secrets

TONIGHT!
