## Two, Water's Leaking

Water's Leaking From the creek above Makes me shaky Pacing in the flood

The Water's Leaking Goin' down In my tears I am drowning In my fears Keep my head up Don't fall in Walk on water I'll sink or swim

Down where it's clouding Like I've never seen Leaves me drowning

The Water's Leaking Goin' down In my tears I am drowning In my fears Keep my head up Don't fall in Walk on water I'll sink or swim
