

# Ty England, My Baby No Esta Aqui No More

She used to be my rosa amarilla  
My little Mexicali tomatilla  
But then one night I drank too much sangria  
Woke up and found a note that said I'll see ya

Oh my baby no esta aqui no more  
My baby no esta aqui no more  
She left me with nada  
Broke my heart like a piata  
My baby no esta aqui no more

Oh whoa whoa if you see her  
Please please tell her that I need her

Well she said I was her number one vaquero

Her numero uno caballero  
But had to hock my spurs and sombrero  
'Cause when she left she took all my dinero

Oh my baby no esta aqui no more  
My baby no esta aqui no more  
She left me with nada  
Broke my heart like a piata  
My baby no esta aqui no more

Oh whoa whoa if you see her  
Please please tell her that I need her
