

# Tygers Of Pan Tang, Don't Stop By

Shadows in an empty house  
Ain't no relief in tears,  
Been days since you left  
Seems like years  
I can't stand loneliness  
The radio sings my song  
I cannot accept  
That you're really gone

Don't stop by, she's not at home  
Don't stop by, I'm on my own

The darkness comes so fast  
Reminds me of the past  
It's hard to sleep alone  
How long will this last  
I see your face everywhere  
It's there and then disappears  
Only my imagination  
You're nowhere near

Your silk and satin dreams  
Clouded out my sanity  
Why has the feeling gone  
When our love was strong  
I've lost my count of time  
Can't understand your mind  
Love doesn't linger in my life
