

# Tyketto, Catch My Fall

I count the headlights on the highway spinning 'round  
Until the sparkle blurs my eyes  
I want to run until I break the speed of sound  
So I can't hear the voice inside  
Where it hides

Where can I look to find the strenght to try again  
Who knows a place I can call home?  
How can I face a world that's too quick to condemn  
A soul that isn't like their own  
All alone

BRIDGE:

Where do we go from here?  
Running from pain and fear  
Where do we go from ..  
Here we are, changed forever  
Always together

CHORUS:

Whatever may happen  
Wherever you go  
I will always be with you  
And you won't walk alone  
If ever I stumble  
Whenever I fall  
You will be there to catch my fall

You said that you would walk beside me close at hand  
You said that love would be my guard  
One set of footprints stretched behind me in the sand  
You must have carried me this far  
And for so long

BRIDGE

CHORUS

Road goes on  
For so long  
We are on our own  
But we're not alone  
Someone will catch my fall

SOLO

CHORUS (alt.):

Whatever may happen  
Wherever you go  
I will always be with you  
And you won't walk alone  
Into every lifetime  
A little rain will fall  
You will be there to catch my fall
