Each morning when I have a chance, I'm doing time

I'm doing what comes hard for me

Tried livin' in the Great Divide and I'm sick and tired

I'm sick of workin' here, yeah

Lips shining like a summer sky, I see your eyes

I see you're all I really need, set me free!

I could wait forever, if forever's worth the waiting for

I could wait forever, wait until forever comes

You say that now is not the time, and then I don't know when

I don't know if you're here with me - whoa, whoa

So I keep on pushin' my piece down 'til I'm heaven bound

And heaven knows I will, yeah - whoa, whoa

Standing in the eleventh hour, I'm overpowered

Over everything you've done for me, so set me free!

I could wait forever, if forever's worth the waiting for

I could wait forever, I'm howlin' like a wolf for you

Tell me what I have to do, what do I have to do?

(Solo)

I could wait forever, if forever's worth the waiting for

I could wait forever, never will say never, wait until forever comes

I could wait forever, I could wait forever

Wait forever - I could wait forever

Wait forever - (stop the dream, call up, my girl)

Wait forever - you know I'll cry for you forever

Wait forever - you know that heaven knows I will

Wait forever - I can wait, I can wait forever

Wait forever - heaven knows I will

Wait forever... (to fade)
