

Tyla Yaweh, City Of Dreams (feat. Chris Brown)

Ooh (Sound)
Ooh (Yeah)

First time, I drove it, but the next time, I own it, yeah
Live by the moment, I know that's how I want it
I got one life to live (Live)
I wanna live in the city of dreams
I got one night to give (Ooh, give)
I wanna live in the city of dreams (Yeah)
Ooh, high speed in the night, ooh
Call me what you like, yeah (Ayy)
Call blocked all the time, ooh (Ooh)
Ghost story, suicide

Freaks and hoes (Freak)
Girl, let's have a good time
She's off X and Os (O)
She's on wine, her love on rise
Swear I hate to loves
But I love when I'm apart
She said, "Yes," and "no" (No)
But I got her hands tied

First time, I drove it, but the next time, I own it, yeah
Live by the moment, I know that's how I want it
I got one life to live (Live)
I wanna live in the city of dreams
First time, I drove it, but the next time, I own it, yeah
Live by the moment, I know that's how I want it
I got one life to live (Live)
I wanna live in the city of dreams
I got one night to give (Give)
I wanna live in the city of dreams (Yeah)

Ayy, ayy, bitch
New GT in the back, I got them curtains (Yeah, ooh)
Don't go pretendin', this ain't livin', don't be nervous (Yeah)
Up in the sky when you are with me, talk dirty
Energy for all, yeah
Breakin' your back when I'm smokin' exotic
Can't help but to fuck out you properly
We can be bad, we can be naughty
Get up on top of me, swallow me down (Down)
We can skate away to my other place
Get in, the old girls are crazy
You get the world and more

First time, I drove it (Yeah), but the next time, I own it, yeah (I own it)
Live by the moment, I know {that's how I want it}
I got one life to live (Live)
I wanna live in the city of {dreams}
I got one night to give (Yeah)
I wanna live in the city of dreams (Ooh, yeah)
First time, I drove it, but the next time, I own it, yeah (I own it)
Live by the moment, I know that's how I want it (Yeah, yeah, yeah, yeah)
I got one life to live (Live)
I wanna live in the {city of dreams}
I got one night to give (Give)
I wanna live in the city of dreams (Hey)
