

Tyler Hilton, I Believe We Can Do It

Sun goes down on another day
Had one too many but I feel O.K.
Put me to bed, baby there I'll stay
Dreamin

Come to my bed, I'll show you my love
Don't try to leave, I won't cry at all
I'll hold your hand, baby I'll stand tall
Cause I love you

(Chorus)
I believe in my good times
I believe in my music
I believe in what we can achieve
I believe we can do it

Show me a lover and I'll write you a song
Say that this love is a game come on and play along
This feels so right how can it be wrong?
It's the moment

(Chorus)

This feels so right how can it be wrong
It's the moment

(Chorus) 2 times
